### Why choose Air New Zealand?

- Air New Zealand has chosen the most comfortable, fully lie-flat bed for the Business Premier cabin. The leather armchair converts to a fully flat 6 feet 7.5inch bed with a footrest. Each seat has direct aisle access.
- Premium Economy Spaceseat™ allows space for time together or time out – more space between you and your neighbours, so they can't recline into your personal space.
- Premium Economy passengers are able to stretch out in an exclusive cabin and enjoy the extra recline, legroom, footbar, two piece baggage allowance and in-flight service benefits.
- Economy Skycouch™ – Whether you're a couple who'd like a bit of extra room, parents with a young child, or with two restless kids, the Economy Skycouch™ is a trio of three Economy seats that create a flexible space – to relax and stretch out in, or for the kids to use as a play area. It's like having your own couch on the plane.
- In Economy class the seats have been designed to provide a comfortable rest. The armrest disappears right into the back of the seat, and the winged headrest swivels freely to better support your head.
- Experience why Air New Zealand has won the 2012 ATW Airline of the Year award.

Please ask your House of Travel consultant for Economy Skycouch, Premium Economy and Business Premier fares.

- Make sure your passport is valid for at least 6 months beyond your stay in any European country.
- Consider taking a Cash Passport instead of carrying large amounts of cash.
- Book transfers – they are fast, efficient and you won't have to carry your luggage long distances.
