

Everything Cruise

Cruise
Information
Evening

Have you ever considered cruising or are you a seasoned traveller? Either way this is an evening that you and your friends cannot miss! Just like any travel experience, it's usually the little tips, ideas and the suggestions that can make such a huge difference in making the right cruise choices and making the most of your cruise experience.

You'll hear from highly qualified cruise industry speakers, sharing their experiences and those cruising tips that sometimes "we don't know that we don't know". From exploring the rivers of Europe, cruising the islands of the Mediterranean, an Antarctic expedition adventure, or even a family cruise closer to home.

All age groups are catered for from the young and energetic, romance seeking couples, adventurous families to the relaxing retiree's. There are also a multitude of 3* to 6* quality and pricing options. Our staff will be on hand with amazing deals on offer on the night and to share their cruise knowledge and experiences with you.
